INDEPENDENT AUDITORS' REPORT

Board of Directors Global Greengrants Fund Boulder, Colorado

We have audited the accompanying statements of financial position of Global Greengrants Fund (the Organization) as of June 30, 2011 and 2010, and the related statements of activities, functional expenses, and cash flows for the years then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Global Greengrants Fund as of June 30, 2011 and 2010, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Activities

Global Greengrants Fund, Inc. (Global Greengrants Fund or the Organization) was established in 2001 as a Colorado not-for-profit corporation. The Organization's mission is to strengthen the grassroots environmental movement in developing countries through grant making. The grant making process includes soliciting funding requests, evaluating the requests, and awarding the grants. The Organization has advisory boards throughout the world that perform much of its grant making due diligence efforts. The Organization finances its operations through donations and grants from individuals, foundations, and corporate sponsors, primarily from the United States.

The Organization has a June 30 fiscal year end. Unless otherwise noted, 2011 refers to the year ended June 30, 2011.

Basis of Accounting and Presentation

The Organization reports information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted. As of June 30, 2011, the Organization had no permanently restricted net assets.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Organization considers money market funds and all highly liquid investments purchased or donated with maturities of three months or less to be cash equivalents.

Contributions Receivable (Promises to Give)

Contributions receivable consist of unconditional multi-year promises to give, and are recorded at net realizable value for promises expected to be collected within one year, and at fair value for those due beyond one year. The Organization uses the allowance method to determine the collectibility of contributions receivable, taking into account its relationship with the donor, the donor's past history of making timely payments, and the donor's overall creditworthiness are incorporated into a fair value measurement using present value techniques. At June 30, 2011 management believed all contributions to be fully collectible. Therefore, no uncollectible allowance is included in the accompanying financial statements.

Investments

All investments are carried at fair value, with gains and losses reported in the statement of activities.

Property and Equipment

Property and equipment is stated at cost if purchased and estimated fair value if donated. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, typically 5 years. The Organization capitalizes property and equipment additions greater than \$500.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expense Allocation

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities and in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Revenue Recognition – Contributions

Contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for specific purposes, or are designated for future periods, are reported as increases in temporarily restricted net assets.

Contributions to be received over multiple years or at a specified date in the future are subject to time restrictions and are reported as temporarily restricted. Multi-year promises to give are recognized as temporarily restricted revenue in the year the written promise is received from the donor. When the funds are collected in subsequent years, the time restriction is lifted and the Organization recognizes an increase in unrestricted net assets with a corresponding reduction of temporarily restricted net assets and is reported in the statement of activities as net assets released from restrictions.

A donor restriction expires when a stipulated time restriction ends, when an unconditional promise with an implied time restriction is collected, or when a purpose restriction is accomplished. Upon expiration, temporarily restricted net assets are reclassified to unrestricted net assets and are reported in the statement of activities as net assets released from restrictions.

Donor agreements for donor advised funds grant variance power to the Organization's Board, allowing the Board to vary from the donor's restrictions if the restriction becomes incapable of fulfillment or is inconsistent with the charitable needs of the community. The Organization strives to honor donors' charitable intent and accepts grant recommendations from donors. However, due to its variance power, the Organization generally reports contributions received under donor advised agreements as unrestricted.

Grants Payable

Grants expense is recorded when approved for payment by the Organization's advisory board and management team. Amounts approved in one fiscal year which are paid in a subsequent year are reported as grants payable in the accompanying statement of financial position.

The Organization also intends to provide financial support to other non-profit organizations that operate in certain developing countries. Future funding is contingent on the recipient organizations maintaining certain protocols with respect to its grantees and upon the availability of funds. Therefore, no liability has been recorded for these intentions to give.

Concentrations of Credit Risk

Financial instruments which potentially subject the Organization to concentrations of credit risk consist of cash, money market funds, investments, and contributions receivable (promises to give).

 Cash balances at commercial banks are insured by the Federal Deposit Insurance Corporation (FDIC). Although certain cash balances may exceed insured limits, the Foundation maintains its cash balances at high-quality financial institutions and does not expect any losses from this exposure.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentrations of Credit Risk (Continued)

- The Organization's money market funds are held by an investment firm, where they are insured by the Securities Investor Protection Corporation (SIPC). At various times the Organization's money market balances may exceed the insurance limit.
- The Organization's investment portfolio consisted of publicly traded corporate bonds issued by a limited number of companies.
- At June 30, 2011 and 2010, 75% of contributions receivable were due from four donors and 62% were due from three donors, respectively.

Concentration of Revenue Sources

Approximately 23% and 14% of the Organization's total support and revenue was provided by one corporate donor in 2011 and 2010, respectively.

Another donor contributes \$2.5 million on a bi-annual basis. The Organization received \$2.5 million from this donor during fiscal year 2010 and has re-granted the funds over a two-year period ending June 30, 2011. Another \$2.5 million was received from this donor in July 2011.

Fair Value Measurements

Fair value measurements of assets and liabilities may be carried out using:

- Quoted prices in active markets for identical assets (Level 1),
- Significant other observable inputs (Level 2), or
- Significant unobservable inputs (Level 3).

Assets measured at fair value on a recurring basis are as follows at June 30, 2011:

	<u>Level 1</u>		
	<u>2011</u>	<u>2010</u>	
Assets measured on a recurring basis:			
Cash equivalents – money market funds	\$ 415,360	1,689,116	
Investments – publicly traded corporate bonds	1,181,593	2,436,688	
	\$ 1,596,953	4,125,804	

Income Taxes

The Organization is a not-for-profit organization and is exempt from Federal income taxes under section 501(c)(3) of the Internal Revenue Code. The Organization has been classified as a public charity rather than a private foundation.

The Organization adopted the accounting standards for uncertain tax positions and files as a tax-exempt organization. No liability has been recognized by the Organization as a result of the implementation of this standard. The federal income tax returns of the Company for fiscal year 2008, 2009, and 2010 are subject to examination by the IRS, generally for three years after they were filed.
