#### INDEPENDENT AUDITORS' REPORT

Board of Directors Global Greengrants Fund Boulder, Colorado

# Report on the Audit of the Consolidated Financial Statements Opinion

We have audited the accompanying consolidated financial statements of Global Greengrants Fund (the Organization), which comprise the consolidated statements of financial position as of June 30, 2024 and 2023, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Global Greengrants Fund as of June 30, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for one year after the date the consolidated financial statements are available to be issued.

## Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion
  is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### NOTE 1 NATURE OF THE ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

#### **Nature of the Organization**

Global Greengrants Fund, Inc. was established in 2001 as a Colorado nonprofit corporation. Global Greengrants Fund, Inc. is the sole member of Global Greengrants Fund UK, a charitable private limited company that was established in 2012 in the United Kingdom. The mission of Global Greengrants Fund, Inc. and Global Greengrants Fund UK (collectively, the Organization) is to strengthen the grassroots environmental movement in developing countries through grant making. The grant making process includes soliciting funding requests, evaluating the requests, and awarding the grants. The Organization has advisory boards throughout the world who share grant making due diligence efforts with the administration office in Boulder, Colorado. The Organization finances its operations through donations and grants from individuals, foundations, and corporate sponsors.

#### **Principles of Consolidation**

The consolidated financial statements include the accounts of Global Greengrants Fund, Inc. and its affiliate Global Greengrants Fund UK. All balances and transactions between these entities have been eliminated in the consolidation.

#### **Basis of Presentation**

The Organization's consolidated financial statements are prepared on the accrual basis and, accordingly, reflect all significant receivables, payables, and other liabilities. Financial statement presentation follows accounting principles generally accepted in the United States of America (U.S. GAAP) promulgated by the Financial Accounting Standards Board (FASB). Accounting Standards Codification (ASC) 958-205 Not-for-Profit Entities – Presentation of Financial Statements requires the Organization to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions. In addition, the Organization is required to present a consolidated statement of cash flows.

#### **Net Assets**

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor- or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The board of directors has designated, from net assets without donor restrictions, net assets for an operating reserve and for administration under fiscal sponsorship agreements (Note 8).

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Global Greengrants Fund does not have any perpetually restricted net assets. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

# NOTE 1 NATURE OF THE ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Cash and Cash Equivalents**

The Organization considers all highly liquid investments available for current use with an original maturity of three months or less, including money market accounts, which are neither restricted by donors nor held for long-term purposes, to be cash equivalents.

#### **Contributions Receivable**

Contributions receivable are unconditional promises to give made by donors for which funds have not yet been received as of year-end. Unconditional promises to give that are expected to be collected within one year are recorded at the amount pledged. Promises to give that are expected to be received after one year are recorded at net realizable value. As of June 30, 2024, and 2023, the adjustments for present value of expected future cash flows for long-term pledges were not material to the consolidated financial statements; accordingly, no adjustments were made.

Subsequent to initial recognition, management uses the allowance method to determine the uncollectible amounts. The allowance is based upon assessment of the current economic environment, historical collection experience, review of specific outstanding accounts, and analysis of subsequent events. The Organization has determined that all contributions receivable are collectible as of June 30, 2024 and 2023.

#### Investments

Investment purchases are recorded at cost, or if donated, at fair value on the date of the donation. Thereafter, investments are reported at fair value in the consolidated statements of financial position. Net investment appreciation (depreciation) in the fair value of investments, dividends, interest, and capital gains are reported in the consolidated statements of activities as investment income, net of investment expenses.

#### **Property and Equipment**

Property and equipment is stated at cost or, in the case of donated assets, at the fair value at the date of receipt. Depreciation is calculated using the straight-line method over the useful life of assets. For furniture, equipment, software, and leasehold improvements the life is between three to five years. The Organization capitalizes purchases of property and equipment with a cost greater than \$500 and a useful life greater than one year.

Maintenance and repairs are charged to operations when incurred. When property and equipment is sold or otherwise disposed, the asset account and related accumulated depreciation account are relieved, and any gain or loss is recognized in the consolidated statements of activities.

# NOTE 1 NATURE OF THE ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Impairment of Long-Lived Assets**

Management assesses the carrying value of long-lived assets for impairment when circumstances indicate such amounts may not be recoverable from future operations. Generally, assets to be held and used in operations are considered impaired if the sum of expected undiscounted future cash flows are less than the carrying amount of the asset. If impairment has occurred, the loss is measured based on the amount by which the carrying value exceeds its fair market value. Management does not believe that any impairment has occurred as of June 30, 2024 or 2023.

#### **Grants Payable**

Grants expense is recorded when approved for payment by the Organization's advisory board and management team. Amounts approved in one fiscal year, which are paid in a subsequent year, are reported as grants payable in the accompanying consolidated statements of financial position.

The Organization also intends to provide financial support to other nonprofit organizations that operate in certain developing countries. Future funding is contingent on the recipient organizations maintaining certain protocols with respect to its grantees and upon the availability of funds. Therefore, no liability has been recorded for these intentions to give.

# **Contribution and Grant Revenue Recognition**

The Organization records unconditional contributions in accordance with the requirements of accounting principles generally accepted in the United States of America for nonprofit entities. The Organization recognizes revenue for contributions (and grants considered to be contributions) based upon the presence or absence of donor-imposed conditions. For those contributions absent of donor-imposed conditions, revenues are recognized at the time the Organization is notified of the contribution, and that promise is verified, regardless of the timing of cash receipt. For contributions with donor-imposed conditions – that is, those with a measurable performance or other barrier and a right of return or release – revenues are recognized at the time the conditions are substantially met, regardless of the timing of cash receipt.

Payments received for conditional contributions and grants for which conditions have not been satisfied as of June 30, 2024 and 2023 are recorded as deferred revenue in the consolidated statements of financial position.

Contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for specific purposes, or are designated for future periods, are reported as increases in net assets with donor restrictions.

When a donor restriction expires, that is, when a stipulated time restriction ends, or the purpose of the restriction is accomplished, net assets with restrictions are reclassified to net assets without restrictions and reported in the consolidated statements of activities as net assets released from restrictions.

# NOTE 1 NATURE OF THE ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Contribution and Grant Revenue Recognition (Continued)

Contributions to be received over multiple years, at a specified date in the future and for a specific purpose, are subject to time restrictions and are reported as increases in net assets with donor restrictions. Multi-year promises to give are recognized as restricted revenue in the year the written promise is received from the donor.

Donor agreements for donor advised funds and fiscal sponsorship arrangements convey variance power to the Organization's board of directors, which allows the board of directors to deviate from the donor's restrictions if the restriction becomes incapable of fulfillment or is inconsistent with the charitable needs of the community. The Organization strives to honor donors' charitable intent and accepts grant recommendations from donors. However, due to its variance power, the Organization generally reports contributions received under donor advised fund and fiscal sponsorship arrangement agreements as increases in net assets without donor restrictions.

The Organization received conditional grants and contributions approximating \$6 million, that have not been recognized in the accompanying consolidated statements of activities as of June 30, 2024 because the conditions for revenue recognition have not been satisfied. Of the total conditional grants and contributions, all amounts represent agreements that are conditioned upon the Organization raising matching funds under the award agreements.

The Organization received contributions totaling \$1,335,792 and \$655,238 from IKEA Foundation during fiscal years 2024 and 2023, respectively. The cash payment received related to this contribution were \$1,335,792 and \$655,238 during fiscal years 2024 and 2023, respectively.

#### **Donated Services and In-Kind Contributions**

A substantial number of unpaid volunteers have made significant contributions of their time to develop the Organization's programs. The value of this contributed time is not reflected in the accompanying consolidated financial statements because the services do not require specialized skills. Donated professional services (which include accounting and legal services) would be reflected in the consolidated statements of activities at their estimated fair value. No such services were donated during the years ended June 30, 2024 or 2023. Contributed goods are recorded at fair value at the date of donation.

# NOTE 1 NATURE OF THE ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Functional Allocation of Expenses**

The costs of providing various programs and other activities have been summarized on a functional basis in the consolidated statements of functional expenses. Program activities are those that are conducted in accordance with the Organization's nature of operations and certain necessary costs. Management and general activities are those that are not identifiable with a single program or fundraising activity, but that are indispensable to the conduct of those activities and to the Organization's existence. Fundraising activities involve inducing potential donors to contribute money, securities, services, materials, facilities, other assets, or time to the Organization. Salaries, benefits, and payroll tax expense is allocated to programs, management and general activities, and fundraising based on time recorded and classified by employees. All other expense is allocated to activities based on direct costs to those activities.

# Foreign Currency

The financial position and changes in net assets of the Organization's foreign operations is measured using the foreign operation's local currency as the functional currency. Assets and liabilities are translated into U.S. dollars at the current rates of exchange as of the financial position date and revenues and expenses are translated using weighted average rates prevailing during the period. Accounts and transactions denominated in foreign currencies have been remeasured into functional currencies before translation into U.S. dollars. Foreign currency transaction gains and losses are shown as a component of changes in net assets before foreign currency translation adjustments in the consolidated statements of activities. Unrealized gains and losses from foreign currency translation are included in the change in foreign currency translation adjustment in the consolidated statements of activities.

# Financial Instruments and Credit Risk

The Organization places its cash in temporary bank accounts with financial institutions that are insured by the Federal Deposit Insurance Corporation (FDIC) and considered by management to be insured, high-quality, and creditworthy. The Organization had approximately \$32,230,854 and \$27,782,000 in excess of federally insured limits as of June 30, 2024 and 2023, respectively.

The Organization also has several foreign currency accounts at a financial institution not covered by FDIC insurance. At June 30, 2024 and 2023, the amount in these accounts was approximately \$1,593,162 and \$2,283,000, respectively.

The Organization has not experienced any losses in any of these accounts.

# NOTE 1 NATURE OF THE ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Income Taxes**

The Organization is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC). The Organization has been classified by the Internal Revenue Service (IRS) as a nonprofit organization other than a private foundation. However, income from activities not directly related to the Organization's tax-exempt purpose is subject to taxation as unrelated income. There was no income from business unrelated to the Organization's exempt purpose during the years ended June 30, 2024 and 2023. Since it has no income from business unrelated to its exempt purpose, no liability for federal income taxes has been recorded.

The Organization believes that it has conducted its operations in accordance with, and has properly maintained, its tax-exempt status, and that it has taken no material uncertain tax positions that qualify for federal recognition or disclosure in the consolidated financial statements.

#### **Use of Estimates**

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Adoption of New Accounting Standard

At the beginning of fiscal year 2024, the Organization adopted FASB ASU 2016-13, Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, as amended, which modifies the measurement of expected credit losses. There was no cumulative net asset adjustment as the implementation of Topic 326 did not have a material impact on the consolidated financial statements.

#### Subsequent Events

In preparing the consolidated financial statements, the Organization has evaluated subsequent events through April 4, 2025, the date the consolidated financial statements were available to be issued.

# NOTE 2 AVAILABILITY OF RESOURCES AND LIQUIDITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the consolidated statement of financial position date, comprise the following:

	2024	2023
Cash and Cash Equivalents	\$ 36,219,555	\$ 32,246,742
Investments	27,693,529	22,405,584
Contributions Receivable	11,317,312	12,385,268
Other Receivables	393,572	151,861
Subtotal	75,623,968	67,189,455
Less: Donor-Restricted Net Assets	(15,770,374)	(17,332,211)
Financial Assets Available to Meet General Expenditures Over the Next Year	\$ 59,853,594	\$ 49,857,244

The Organization's goal is generally to maintain financial assets to meet 180 days of operating expenses. The Organization maintains adequate cash reserves to meet this requirement.

#### NOTE 3 FAIR VALUE MEASUREMENT OF INVESTMENTS

Certain assets are reported at fair value in the consolidated financial statements. Fair value is the price that would be received to sell an asset in an orderly transaction in the principal, or most advantageous, market at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset based on the best information available. A three-tier hierarchy categorizes the inputs as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets that the Organization can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly. These include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, inputs other than quoted prices that are observable for the asset, and market-corroborated inputs.

Level 3 – Unobservable inputs for the asset. In these situations, the Organization develops inputs using the best information available in the circumstances.

The following investments were measured at fair value on a recurring basis at June 30:

						2024				
	Fair Value Measurements Using

#### NOTE 7 NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions consisted of the following for the years ended June 30:

	 2024	2023
Subject to Expenditure for Specific Purpose:	 	
Specific Programs and Regions	\$ 4,453,062	\$ 4,946,943
Subject to Expenditure for Specific Time Period:		
For Periods after June 30	 11,317,312	 12,385,268
Total Net Assets With Donor Restrictions	\$ 15,770,374	\$ 17,332,211

Net assets released from restrictions consisted of the following for the years ended June 30:

	 2024	2023
Purpose Restrictions Accomplished:	 	 _
Specific Programs and Regions	\$ 10,071,321	\$ 9,214,512
Time Restrictions Expired:		
Passage of Specified Time	 4,072,113	 7,746,908
Total Restrictions Released	\$ 14,143,434	\$ 16,961,420

#### NOTE 8 BOARD-DESIGNATED NET ASSETS

In 2014, the Organization established a Board-Designated Operating Reserve (the Reserve Fund). The purpose of the Fund is to support the continuity of the Organization's core operations during periods of unexpected operating losses or other financial stress. Utilization of the Reserve Fund is to be made subject to the approval of the board of directors, with the intention that it be used only in extraordinary circumstances to support the fixed operating expenses of the Organization but not grant-making. The target size of the Fund established in 2014 was \$750,000.

In 2019, the board of directors approved an amendment to the Fund to achieve and maintain operating reserve sufficient to finance four months of the Organization's U.S. operations, excluding grants, under which the size of the Fund shall be established annually as part of the Organization's U.S. budgeting process by averaging the operating expenses, excluding grants, over each of the prior three years and dividing the resulting number by three. The Organization allocated an additional \$500,000 and \$-0- to the Fund during the years ended June 30, 2024 and 2023, respectively.

The Organization entered into two fiscal sponsorship agreements with unrelated parties under which they receive gifts from donors and administer grants. The board of directors has final approval on grants made from the Funds and may refuse to make a grant if it is found to be inconsistent with the Organization's mission or policies. Upon termination of these agreements, any remaining assets in the Funds will be retained by the Organization.

#### NOTE 8 BOARD-DESIGNATED NET ASSETS (CONTINUED)

Board-designated net assets consisted of the following for the years ended June 30:

	2024	2023	
Designated Operating Reserve	\$ 1,250,000	\$ 750,000	
Environmental Defenders Collaborative Fund	2,515,652	2,723,058	
Agroecology Fund	12,218,020	 4,846,644	
Total Board-Designated Net Assets	\$ 15,983,672	\$ 8,319,702	

#### NOTE 9 DEFINED CONTRIBUTION RETIREMENT PLAN

The Organization sponsors a 403(b) defined contribution retirement plan (the Plan), which covers substantially all employees. Employees may elect to make pre-tax deferrals of their compensation, subject to certain limits. The Plan requires the Organization to make matching contributions of up to 4% of a participant's compensation provided their deferrals equal or exceed 4% of the participant's compensation. Matching contributions are immediately vested. Matching contributions totaled \$111,587 and \$99,149 for the years ended June 30, 2024 and 2023, respectively.

#### NOTE 10 SIGNIFICANT CONCENTRATIONS

Credit risk, with respect to receivables, is considered low due to past experience and the reputations of major contributors. As of June 30, 2024 and 2023, approximately 55% and 38% of the total contributions receivable balance was outstanding from two donor and one donors, respectively. During the years ended June 30, 2024 and 2023, one donor comprised 24% and 38%, respectively, of contributions and grant revenue.
